LES CHENEAUX DISTILLERS
CEDARVILLE, MICHIGAN

ABOUT US

Les Cheneaux Distillers was an idea first brought up between two friends around a bonfire in the summer of 2014. Jay & Jay wanted to bring craft spirits to the Upper Peninsula and create not just high quality craft spirits, but also a unique experience for visitors to the Les Cheneaux Islands.

In 2017, we opened the doors to our main tasting room and restaurant within our production facility on Meridian Street and have been crafting spirits, beer, wine and food for all to enjoy.

By 2018, we began distribution of our Straits brand spirits throughout the entire state of Michigan. Today, our beers are also distributed and available at taverns across the Eastern Upper Peninsula and the Northern Lower Peninsula.

In Spring of 2021, we continued our adventure and started renovations on the old Cedarville Bar/Bumpa's High Times on the Bay to create The Tipper Room! Over the Independence Day weekend in 2022, we were finally able to open our doors for business with cocktails, mocktails, beer and wine, alongside light appetizers.

Today, we are proud to have two locations here in the heart of Downtown Cedarville where you can not only see how we make all of spirits and beer, but also enjoy an exceptional dining experience, do some shopping, and enjoy a view over Cedarville Bay.

From our family to yours, welcome to Les Cheneaux Distillers!
